Total fees enclosed: _____	Cash <input type="checkbox"/>	Cheque <input type="checkbox"/>
Signed: _____	Date: _____	

New members please read notes on Page 2 below/overleaf

Guidance Notes for New Members

□

The roots of Loughborough Model Flying Club (LMFC) go back to 1953, and we are affiliated to the British Model Flying Association (BMFA). We are predominately a fixed wing and helicopter club with electric and IC power. We also support control line and gliders. Multi-rotor aircraft are not supported. Gas turbine power and pulse jets are not permitted.

We operate from two flying sites:-

- 1) Derby Road Playing Fields, situated adjacent to the A6 North of Loughborough (LE11 5FJ) is owned and maintained by Charnwood Borough Council, who licence us to fly there provided strict safety guidelines are followed. It is a public site shared with other sporting activities for much of the year at weekends (Football/Cricket etc.) and other public activities to which precedence must be given, so flying is mainly restricted to weekdays, or evenings when light permits. Used for R/C and C/L. Warning signs obtainable from the club must be displayed at every flying session
- 2) Wymeswold flying field is a private field situated on the outskirts of Wymeswold village accessed via a gated (padlocked) farm track. This field is maintained by us, and is used principally for R/C and C/L. The club also has use of Wymeswold Village Hall for indoor flying (model size restrictions apply)

If you are not currently a BMFA member proof of id is required. Prospective new members must apply in person either at one of the clubs' monthly meetings or at the Wymeswold flying field, in order to introduce themselves and obtain committee approval for membership – new members are accepted on a 12-month probationary period. We strongly recommend that members refrain from flying alone for safety reasons, particularly at Wymeswold due to its' remote location. For the complete novice we can advise on a suitable R/C training aircraft and equipment, and we offer flying tuition (excluding helicopters) using the 'buddy-box' system. We will inspect your model (performing safety checks etc.) and flight test it before declaring it safe. The club has BMFA-certified examiners, able to test your flying skills to levels A, B, and C of the BMFA Achievement Scheme. New members must have a minimum of a BMFA 'A' certificate in the chosen discipline before being allowed to fly 'solo' at the club sites.

To fly a model over 7kg the operator must comply with the Letter of Agreement between LMFC and East Midlands ATC. This includes the operator being accepted by LMFC to be a nominated operator of such aircraft, and holding a BMFA 'B' certificate or equivalent. See website for details of Letter of Agreement and safety operating procedures.

Club membership expires on 31st December of the current year, and is due for renewal on 1st January of the following year. **Senior Members who fail to renew their membership before the 31st January will be charged a £20 re-joining fee.**
